GED® Test Prep and core subject knowledge building

EBSCO LearningExpress® centers contain school and other skills building, college admissions, graduate school, and career exams test prep, career tools and job profiles, letter and resume templates, job hunting, and more.

You have access to test prep resources for the GED® as well as high school core subject review. There is also a Spanish version of the GED® prep.

GED® Test
Prep

Practice tests, interactive tutorials, and eBooks

eBooks can be downloaded anywhere and as often as needed

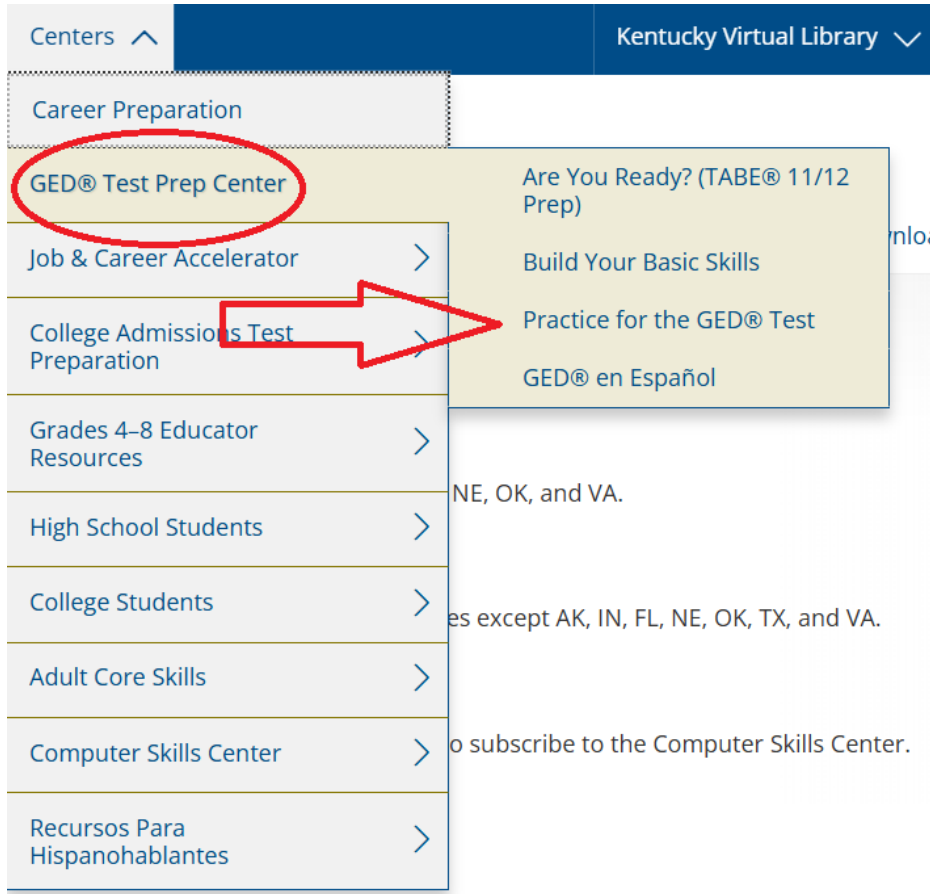

High School
Students

building knowledge and skills in core high school subjects, including math

If you have not used EBSCO LearningExpress® before:

Register for an account with your chosen email address and password you create.

For the GED® Test Prep Center, open that module within LearningExpress after you have logged in.

With a personal account to LearningExpress, you can download ebooks as many times as needed wherever you need them, save your progress, retake a practice exam, and more.

Your progress will be saved to the My Center dashboard where you can return and pick up at your last end point.

eBooks can be downloaded to any device as a PDF. Save it wherever you need to and as many times as needed.

If you need assistance, contact KYVL at KYVL@ky.gov.
